

YOU ARE NOT POWERLESS

PHIERS PHIERS, REALITY PHIERS, REALITY PHIERS, REALITY PHIERS, REALITY

Organized people, by district, with real consequences.

That's how change actually happens.

PAUSE.

Things are changing fast.

Before reacting, create a response that actually works.

THE PROBLEM

Congress works for you.

They just forgot.

THE PROBLEM

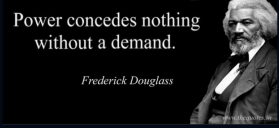

Ignoring voters became politically safe.

PHIERS changes that.

A Few Minutes.

Enough to make Congress listen.

Outrage doesn't move Congress.
Organized people do.
Especially in their own district.

A demand that has **TEETH.**

Power concedes nothing without
demand that has teeth!
We Are The Teeth.

THE REWARD
How to make Congress listen.

- 500** signatures — your Representative shows up.
- 1,000** signatures — your Senator shows up.
- 1,500** — the district is organized.
- ... Public town hall demanded.

When **1,500** people organize, **the district listens.**

A PROVEN STRATEGY

"1,500 organized voters. Congress remembers who it works for."

Drawing on Ralph Nader's "Breaking Through Power" (It's Easier Than You Think), [Nader.org](#)

RALPH NADER

UNSTOPPABLE CHANGE

If they refuse the meeting, they lose the seat.

Legally. **Before the next election.** No heat. No threats. Just accountability.

TOOLS OF ACCOUNTABILITY

Recall.

Primary.

Investigate.

Expose.

If they refuse accountability, **the public gets the truth.**

WHY THE SURVEYS WORK

500

Creates leverage.

The tipping point where a district stays being ignorable — enough to force a meeting and put a representative on record.

1,500

Creates the power to replace.

Sustained pressure becomes real consequences: primary challenges, public expenses, and replacement if they don't respond.

ALONE YOU'RE EASY TO IGNORE

Organized districts are not.

YOU'VE SEEN THE EVIDENCE

Alone, you're easy to ignore. Organized districts are not.

The problem isn't awareness. Most Americans agree the problems are real. The problem is leverage.

THE STAKES

\$12K

identified per beneficiary every year

77M+

people on Medicaid — ~100M with Medicare

\$1.1–1.4T

in annual savings healthcare can redirect

The challenge isn't whether solutions exist. It's creating enough leverage to make Congress act.
